

Ladies and gentlemen, dear sponsors,

A friend in need is a friend indeed. This applies to Thailand as it does for Germany. And an emergency situation often arises unexpectedly. It can happen to anyone – to tourists travelling and to long-term German expats. It could also happen to one of your employees. This is where the association of the “Deutsche Hilfsverein” (German Relief Association) comes into play. This association helps German citizens and their Thai family members. Many are envious that we have this unique association here in Thailand. It strengthens Germany’s standing and the bond between Germans and Thais.

You can also be a visible part of this network in which “helping with kindness” is the priority. This is possible thanks to long-standing contacts to government entities and hospitals to which we can resort to. You can find more information here: www.dhv-thailand.de

The event “Fest der Deutschen” helps generate an important amount of funding needed for the work of the Deutsche Hilfsverein. Therefore we are cordially inviting you to support this event, which is under the patronage of the German Ambassador.

♥ LOVE IS IN THE AIR ♥

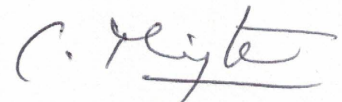

This is the theme of the event, which will take place on March 21, 2020, at the Marriott Marquise Hotel in Bangkok. The net profit of the event will go the welfare work of the DHV. All sponsors will be mentioned in an appropriate manner as it was done in previous years. All donations – be it an appropriate price for a raffle and/or a financial donation – are most welcome. If required, the DHV, being a registered association in Berlin, **can also issue donation receipts for German tax authorities.**

The DHV’s event committee has put together different “sponsorship packets” for you, which are added to this letter. The point of contact for this is Mr. Frank Boer (e-mail: frank@dhv-thailand.de), who will be happy to provide you with additional information.

Hopefully we have sparked your interest. Be part of it.

Ambassador Georg Schmidt
