23.03.2018

Dear Members, Sponsors and Friends of „German Help in Thailand“,

I am sending this letter to you today because on behalf of the German Help Foundation and on behalf of the Management of the Marriott-Hotel I like to apologize to you for the recent “Fest der Deutschen” event on February 10th.

Many critical comments have reached us and we are very keen to respond to those legitimate remarks with an adequate conclusion.

Contrary to the agreement we had with the Marriott – especially in regard to the provided buffet dinner– the hotel did not provide the essential elements of our contract.

The Marriott admitted shortly after the event its exclusive responsibility for the shortcomings on that evening, which results from the attached letter from the hotel.

Thus, in regard to the “Fest der Deutschen” next year the Management of the Marriott offered instantly a generous compensation for the caused damages which we would like to accept.

For the “Fest der Deutschen 2019” the Marriott would provide the ball room for 600 guests, the dinner buffet and soft drinks free of charge.

This means that the entrance fee for the “Fest der Deutschen 2019” would be substantially reduced for you next year. We would send you the details about the “Fest der Deutschen 2019” in the upcoming months.

I am convinced – regardless the unpleasant shortcomings on February 10th – that we should look forward and accept the compensation package offered by the Marriott-Hotel as a promising and fair solution for our event next year.

I sincerely hope that you will accept again our apologies and keep supporting the important social work of the German Help Foundation in Thailand.

Yours sincerely,

Dr. Chumpol Thiengtham  
Chairman
